Staff Report

The Executive Director updated the Governing Council on the Staff Report.

  - Seattle U is considering externships for additional credit. There are externship sites in Olympia that could begin in the fall and follow through the beginning of the year when legislation is in session. Also, PHPDA could offer an externship to help us develop learned experiences from our grantee data.

A quorum was established with the arrival of an additional Council member. The Governing Council approved the minutes for the February 8, 2022 Special Governing Council meeting. (Moved/2nded by Nancy Sugg/Virgil Wade, 5 of 5 in favor)

- The miscellaneous income line includes the Deferred Maintenance payment from PacMed, and brokerage fees are in the Real Estate consultant expense line.

The Governing Council voted to approve the 2021 Year End Financial Statements. (Moved/2nded by Doris Koo/Bob Cook, 5 of 5 in favor)

40th Anniversary Unbudgeted Expenses

Property and Real Estate

Update on North Lot Project and Quarters

The Executive Director and Real Estate Consultant Michael Finch discussed the North Lot Project and Quarters buildings.
- The concrete strike is affecting SCIDpda’s anticipated May/June closing. The delay is potentially harming tax credit benefits and affecting equity investors. In order to get certain tax credits, SCIDpda must begin construction by the end of August.
- PacMed will likely be in Quarters 3-9 until the end of June 2022 due to supply chain issues effecting their move.
  - PHPDA only included three months of income for the Quarters in our 2022 budget.
- SHKS Architects and subcontractors have completed Phase 1 of the residential use feasibility study for Quarters 3-10. They arrived at a total construction budget including soft costs.
  - Our Real Estate Consultant had follow up conversations with SHKS Architects and the total cost will decrease as they move into Phase 2 of the study.
- PHPDA presented Commerce with a proposed Quarters Lease Term Sheet that includes a short-term lease for twelve months starting July 1, 2022 through June 30, 2023 with an option to extend. Also, includes a thirty-year lease similar to the Tower lease beginning July 1, 2023.
  - We will offer Commerce Quarters 1 and 2 if those buildings become available.

East Parking Garage

The Associate Director and Real Estate Consultant Michael Finch discussed the unbudgeted maintenance work on the East Parking Garage.
- The unbudgeted funds are for exterior brick maintenance not included in the 2022 budget. The work will cost just over $60,000.

- The work is reimbursable under PacMed’s lease, but reimbursement will be amortized based on the lease terms. Currently, PacMed has 87% of the parking spots in the garage.
- JLL will incorporate the amortized costs into PacMed’s budget over a seven-year period. Adjustments will be made with any new Quarters tenants if they have allocated space in the garage. A new lessee may take some PacMed parking spots, which means a lower amount could be charged to PacMed.
- If the repairs are not addressed now, it could lead to more expenses in the future. The structural fractures could take on water and get worse overtime especially in freezing temperatures.

The Governing Council voted to approve the unbudgeted maintenance work on the East Parking Garage. (Moved/2nded by Nancy Sugg/Ellie Menzies, 5 of 5 in favor)
