These indemnification obligations shall survive the termination of the Contract.

The Contractor further agrees that it is financially responsible for and will repay the PHPDA all indicated amounts following an audit exception which occurs due to the negligence, intentional act, and/or failure, for any reason, to comply with the terms of this Contract by the Contractor, its officers, employees, agents, and/or representatives. This duty to repay the PHPDA shall not be diminished or extinguished by the prior termination of the Contract pursuant to the Term or Termination section.

By the first date of the Term, Contractor shall procure at its own expense and agree to maintain, for the duration of the Term, insurance against claims for injuries to persons or damages to property which may arise from, or in connection with, the performance of work by Contractor, its agents, representatives, employees and/or subcontractors. Copies of certificates of insurance shall be provided to the Pacific Hospital prior to contract execution. A copy of each sub-contract agreement must be submitted to the PHPDA within thirty (30) days of the proposed subcontracted activities. A subcontract is not required for procurement of goods and one-time or infrequent services. Contractor should contact the PHPDA with any questions related to this term.

These indemnification obligations shall survive the termination of the contract. Subcontractor expressly agrees and understands that the Pacific Hospital Preservation & Development Authority is a third party beneficiary to the contract between Contractors and subcontractor and shall have the right to bring an action against the Subcontractor to enforce the provisions of this paragraph.

Definitions of unallowable lobbying activities/costs are detailed in applicable OMB circulars and Chapter 42.17A RCW and all applicable Public Disclosure Commission materials.

## **23. Future Support**

The PHPDA makes no commitment to support the Project contracted for herein and assumes no obligation for future support of the Project except as expressly set forth in this Contract.

## **24. Entire Contract/Waiver of Default**

The parties agree that this Contract is the complete expression of the terms hereto and any oral or written representations or understanding not incorporated herein are excluded. Both parties recognize that time is of the essence in the performance of the provisions of this Contract. Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver or breach of any provision of the Contract shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the Contract unless stated to be such through written approval by the PHPDA, which shall be attached to the original Contract.

## **25. Contract Amendments**

This Contract may not be amended or modified unless the parties agree in a separate writing, signed by both parties, and the amendment is incorporated by reference as an additional attachment to this Contract.
